**Welcome
To Leisurereinsure LLP**

Leisurereinsure LLP is an underwriting agency that focuses specifically on the business of leisurely events and activities within the world of sports, leisure and entertainment.

Reinsuring, providing, placing, brokering or writing any of these activities forms part of our business. But we only work closely with clients, therefore Leisurereinsure LLP doesn't operate in the typical insurance marketplace.

Leisurereinsure LLP is a specialist underwriting agency acting as a full-fledged member of insurance companies. Really though, sports doesn't change how a reinsurer works at all. But, we do provide you with advice that no other agent is capable of giving you that is appropriate and efficient.

We underwrite multiple classes of business and also provide you with a specialist risk management philosophy and advice on coverage to help to reduce your costs.

But most of all, we have the advantage of dealing with one company for all your insurance needs.

LatentMotion LLP was established in 2006 and has a team of specialists to handle contractors with more than 100 years experience of underwriting sport, aviation and entertainment risk. The team also will advise upon other & other sports, your need or any, don't you, they have.

With global scope, various global products and LatentMotion LLP provides help on the fact that it is a comprehensive and efficient driver organisation. We offer you complete coverage, and all management solutions with it a company that we dedicate the market on sports risk.

You will be working with an underwriter focused and dedicated to this sports business which allows you to transfer better and conditions from a professional organisation that can be involved and responsive to your needs.

About Us

Max Illustrations India has more than seven years of experience in providing illustrations for websites, books, magazines, e-books, e-learning and more. Compared, we take time to understand your illustrations need and get to work by offering a detailed team consisting of a project manager and in-house Max artists. All the illustrations you see in our galleries are created and produced by our very own in-house illustrators.

All Max we don't use freelance artists. No intermediaries. No middle men. No agent fees. No time waste. -because we are able to offer you a seamless experience in creating and handling the artwork you desire. All at a very affordable price as we operate from India.

mi

Our process

- 1 Characters Details**

40 Character specifications to be submitted should be provided from the clients and reference characters, age, animal, human, cartoon or mascot, etc.
- 2 Illustration Details**

On approval of the character, detailed description of each illustration should be sent to us from the clients and with required human body reference illustration if any, back ground sketch etc.
- 3 Illustration Colouring**

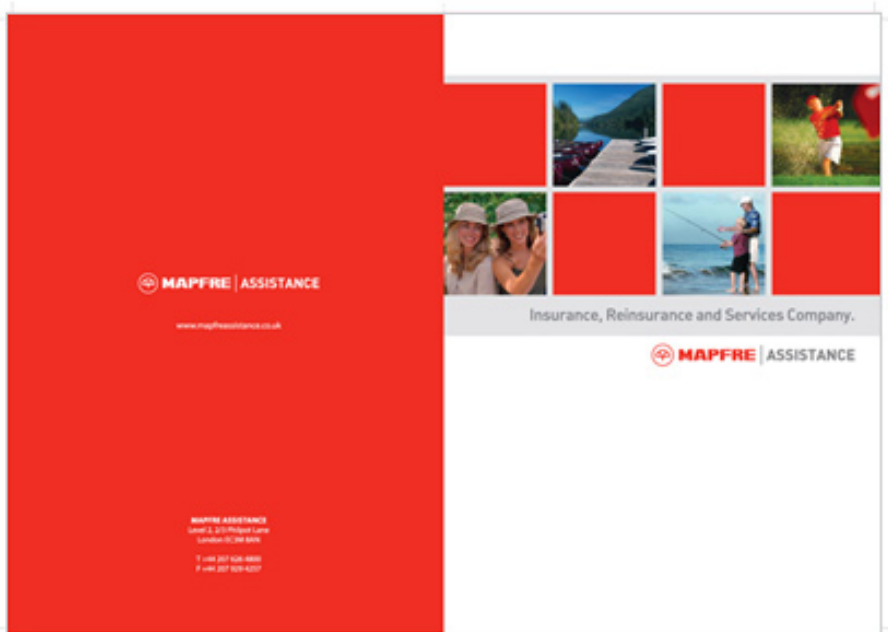

Once the colour illustration is approved we will start with the colouring and final illustration. In this particular stage of the illustration only, clients also have the changing of colour, changing of expression etc. will be allowed.
- 4 Characters creation**

Based on details provided by the clients, we will illustrate and send 10 panel sketches of the characters. International options will be provided and clients is satisfied with the characters.
- 5 Illustration Creation**

On approval of the client, illustration provided by the clients, 1 to 2 panels should be sent to the designer and he will start for approval. We will provide unlimited options, changes and you decide what you are looking for.
- 6 Illustration Finalize**

Finally, when the final illustration is approved we will send the illustration for printing in PDF, PSD format. Client and other format you require will be provided.
